Task...A Letter Home

The Amazing Life of Professor Stephen Hawking

Use your imagination to pretend to be from Stephen Hawking. Imagine you are writing a letter to his mum. You can pretend to be Stephen at any age. It could be a letter from when he was at school, at College or later in life after he became famous. Think about what was going on at the time in the rest of the world. For example, The Soviet Union launching Sputnik 1 when he was 15 years old or the Moon Landing when he was 27. Think about what Stephen liked to do in his free time and key achievements he had at the time you are basing your letter on. Draw a picture of a photograph that you think Stephen might have sent along with his letter.
